March 30th, 2020 - John Ford's early westerns reflect an optimistic view of society and individual capacity as his thematic vision evolved, he became more resigned to the limitations of humanity. His thematic evolution was evident in other films but was best shown in his westerns with their stark depictions of the human condition.

John Marini's "Defending the West: John Ford and the Creation of the Epic Western" expands on José Luis Besa's claim that the epic tradition neglected by modern literary men of Europe and the Americas was saved in the 20th century by the Hollywood western.

How John Ford's 1939 western classic "My Name's John Ford I Make Westerns" were groundbreaking in the ways they strayed from the thematic.
